PROJECTS

Portfolio | HTML | CSS |

- As a dedicated professional, I have curated a diverse portfolio that showcases my skills, experiences, and accomplishments. My portfolio encompasses a range of projects, from web development and graphic design to content creation and marketing campaigns. Each piece in my portfolio represents not only my technical expertise but also my creativity, attention to detail, and ability to deliver result.

Netflix Clone | HTML | CSS | JAVASCRIPT | [LINK](#)

- In this project, I developed a clone of the popular streaming platform Netflix. The goal was to replicate the user interface and key features of Netflix, providing users with a seamless and immersive streaming experience

Split Bill App | HTML | CSS | REACTJS |

- “Splitty” is a dynamic web application engineered to streamline the process of splitting bill among friends, colleagues, or family members, all powered by the versatility of ReactJS. Splitty offers a seamless and intuitive platform for dividing expense and splitting billing with friends.
